Report of the Cooperative School Board

The Taxpayers and Parents of this area can take proper pride in their school for the progress made in the past three years, and we are sure that with the international unrest we should all look with "An eye to the future", for at no time in history has progress in education been more important. I am sure that we all want a good education for our children and a good education costs money. Since we are moving into the most demanding era of our times we have to meet this problem with the same decisive and aggressive action that has built our nation in the past.

For our advancement in education over the past few years a great deal of credit must be given to our fine staff of teachers and administrators. In the past we have been most fortunate in having the services of Dr. Manning and Mr. Tanzi who helped immeasurably in getting our school off to a good start.

Our present Principal, Mr. Maloney, and Assistant Principal, Mr. Smith, have worked untiringly for progress in education at Winnacunnet High School. Mr. Green, our Superintendent, who has decided not to accept a new contract, will certainly be missed. His continuing efforts for progress in our schools will live long as a reminder of his fine ability as an educational administrator.

We are sure that with your attendance at school meetings and continued support the progress at Winnacunnet High School will continue, and that the future will see your School Board, Superintendent, and school officials cooperating in efforts for better education for the young people of this area.

Respectfully submitted,

CARROLL L. BLACKDEN,

Chairman of Cooperative
School Board

Report of the Superintendent of Schools

TO: the School Board and Citizens of Cooperative Secondary District No. 6.

"I view education as the most important subject we as a people can be engaged in."
Abraham Lincoln

I wish to take a few moments of your time to submit my third and final report as your Superintendent. It has been a pleasure to serve you and to play a small part in the growth and progress of Winnacunnet High School. The opportunity to start a school from "scratch" is one that does not often come to a Superintendent and I am privileged to have had this good fortune. I wish you and your school the best of success in the future.

This brief report cannot attempt to touch upon all the significant items pertaining to Winnacunnet High School. At best, it can only lightly cover the more important.

The resignation of Mr. Edmund Tanzi, Principal during the first two years of the operation of Winnacunnet, was keenly felt by all persons connected with the school. "Ted" devoted a full measure of himself and his tremendous ability to the administration and supervision of the school and students. Much of the initial progress is directly attributable to him.

Fortunately for the school a very capable successor, Mr. Daniel Maloney, was secured and the impetus of progress has not diminished. Mr. Maloney has continued the movements in all of the areas inaugurated by Mr. Tanzi and has begun anew in other areas. It would seem that success is building upon success and the future is indeed bright for those students scheduled to attend Winnacunnet.

Our emphasis has been on the improvement of instruction, both through up-grading of traditional methods and by introducing newer methods. Individual instruction has been improved through careful selection of replacement and additional personnel and through closer supervision of all staff members.

Additionally, "team teaching" techniques have been introduced. Teachers who have participated in this activity have been Mr. Allan Bushold, Mr. Ernest Gregorowicz, and Mr. Neal Wiggin and the subject areas have been English and American History. While we are not ready to move to complete "team teaching" per Wayland and Newton, Massachusetts high schools, we are capable of accepting some of the advantages of the program. The appreciation of all should be extended to the personnel who devoted extra time and effort to establish the ground-work for this improved technique.

Our science program is reaching out under the direction of our capable staff; the foreign language department is making rapid progress; instruction in mathematics moves ahead rapidly. Other areas, too, are improved and will continue to improve.

In keeping with the advances in instruction your School Board is considering my suggestion that the school year be increased from 180 days to 185 days of instruction. It stands to reason that increased demands require increased time to meet these demands. I feel that this added time will assist us to provide more learning.

What of the future? Additional personnel are required to meet the increased enrollment. The School Board is requesting six. The request of last year was reduced by two and a half (\$10,000 reduction in an item asking for six Teachers at \$4,000 each) and this necessitated a revision in the program. Some classes were increased in size, others were eliminated, and the Coordinators returned to nearly full - time teaching duties. A close observer can notice the reduction in effectiveness and it is hoped that the School District will express confidence in the administration by fulfilling the request of the School Board. I see small reason for the public to question this item.

We need to increase our guidance personnel. Our current part-time person will be increased to full - time if the six additional persons mentioned above are provided. Mr. Robert Swasey does an excellent job but the enrollment is reaching the point where he cannot meet the demand on his services. Clerical assistance for the guidance office is also included in the budget and this, too, is sorely needed.

The equipment item is slowly being fulfilled and our current request will nearly complete the "lag" that has been created by the rapid expansion in the number of students. Future years should find a reduced figure for this portion of the budget.

Our adult education and summer school programs have been educational and financial successes. Mr. Robert Swasey and Mr. Edmund Tanzi, assisted by Mr. Elton Smith, Assistant Principal, have contributed greatly to this. I would hope that this activity will continue, especially that area inaugurated by Mr. Smith this past Fall when, as a "public service" excellent discussions were conducted on politics and political parties by Mr. William Treat and Mr. William Dunfey, National Committeemen of the Republican and Democratic parties, respectively. A school, especially a regional school, should strive to serve all the people. Your interest and cooperation are necessary, if this obligation is to be met.

Little is likely to be said about the cafeteria now that it has reached its predicted goal of being self - supporting. May I assign this item to its proper "educational" role by expressing my appreciation to its manager, Mrs. Helen Robertson, and her staff for a fine job accomplished and by stating the hope that the administrative and public energy expended on this matter will now be directed toward the improvement of instruction.

The enrollment projection, contained in my annual report of last year, has come close to fulfillment. It appeared at that time that there would be a student population of 621 for the current school year. The initial enrollment was 600 as of November 30. An increase of 79 (obtained by subtracting Grade 12 from Grade 8) will be

supplemented by persons transferring to the school. Past experience causes us to place this figure at 25 so that an over - all increase of 100 is not unreasonable.

This leads to the conclusion that steps should be initiated to provide an addition to the building that will be available, at the latest, by September 1962. Adequate time is the basic criteria for thoughtful planning. I see no gain from waiting until the inevitable is upon us.

An important item in any school budget is that portion assigned to Teachers' salaries. I am disappointed that it was not possible to take more positive steps toward increasing the salaries of the staff. Our current schedule, though one of the better ones in New Hampshire, still does not permit us to reach into neighboring school systems in other states to secure the services of outstanding people. My hope is that this is merely a temporary "slow - down" in the forward progress manifested in previous years. It is not unrealistic to plan for teaching salaries in the \$7,000 to \$8,000 range, especially when the demands upon the abilities of the personnel are in keeping with that range.

If there is a basic fault with current public education, and there are those who will make this plural, it is because School Boards and professional educators have succumbed to the demands of the public that we emphasize "services" to the detriment of "instruction". Far too many parents are concerned more with transportation than with teaching, lunches than with learning, and athletics than with "academics".

It is a courageous and thankless task to combat popular opinion and one of my more pleasant memories of this position will be that I have served School Boards that were willing to tread this path. The future will prove them deserving of far more credit than is now their lot to receive.

The organization of the Supervisory Union and the repeated proposal to provide the services of an Assistant to the Superinten-

dent are discussed in your annual reports for the elementary school districts. The latter item warrants your support.

I wish to express my appreciation to all who have assisted with the functioning of Winnacunnet High School. The School Board, members of the staff, volunteer aides, interested citizens, the Hampton Academy Trustees, and, of course, the personnel of the central office with special mention of Miss Leota Whitcomb, Helping Teacher, and Miss Edith Hammond, Executive Assistant; all share in the progress that has been manifest.

I have enjoyed my services with you and shall always be grateful for your part in providing the matchless opportunities that have come my way. Again, my best wishes to you for the future success of your school.

Respectfully submitted,

C. M. GREEN

Superintendent of Schools

School Warrant

**WARRANT FOR ANNUAL COOPERATIVE
SECONDARY SCHOOL DISTRICT MEETING**

**of the Cooperative Secondary School District of
Hampton, Hampton Falls, North Hampton, and Seabrook**

**To the Inhabitants of the Cooperative Secondary School District
of Hampton, Hampton Falls, North Hampton, and Seabrook quali-
fied to vote in District affairs:**

You are hereby notified to meet at the WINNACUNNET HIGH SCHOOL located off Landing Road in Hampton, New Hampshire, on Tuesday, March 7, 1961, at TEN O'CLOCK in the FORENOON and to cast your ballots from that hour until at least 7:30 o'clock in the evening of said day for candidates for the following District Officers:

1. Moderator for the ensuing year.
2. Member of the School Board of the District for the ensuing five years. (This member of the Board must be a resident of the school district of the Town of North Hampton.)

You are also notified to meet at the same place at 7:30 o'clock in the evening of the same day to act upon the following subjects:

1. To see what sums of money the Cooperative Secondary School District will raise and appropriate for the support of secondary schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district and to authorize the application against said appropriation of such sums as are estimated to be received from the State Equalization Fund together with other income; the district school board to certify to the Selectmen of each town included within the Cooperative School

District, after determining the balance between the estimated revenues and appropriations; the balance to be raised by taxes in each town.

2. To see if the Cooperative Secondary School District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

3. To see if the District will vote to authorize and accept the employment of an assistant to the Superintendent of Supervisory Union No. 21, this article to take effect for the Supervisory Union year beginning with July 1, 1961 and to raise and appropriate the District's pro rata share of an Eight Thousand Dollar (\$8,000.00) salary and of a One Thousand Dollar (\$1,000.00) travel allotment and of One Hundred Fifty Dollar (\$150.00) equipment purchase, namely Two Thousand Seven Hundred Thirty-Eight Dollars and Fourteen Cents (\$2,738.14); provided that each of the other Districts in the Supervisory Union vote to accept this Article and to raise and appropriate their pro rata share of the salary, travel, allotment, and equipment.

4. To see if the school district will raise and appropriate the sum of \$10,000.00 to place in a capital reserve fund, as established by revised statutes annotated 35:1 to 35:18; which sums of money will be used for the purpose of developing outdoor physical education and athletic facilities on the school district property located in Hampton; the custody of which funds will be placed with the trustees of trust funds of Hampton.

5. On petition of Seth M. Junkins and eleven other legal voters of said District, to see if the Cooperative Secondary School District No. 6 will authorize and empower the School District Board to grant to Winthrop W. and Harriet Kenney, their heirs and assigns, an easement to permit the flow and discharge of surface drainage

water from land of said Kenneys over and on to land of the said School District, and an easement to install, repair and maintain underground pipes to convey said surface drainage water, all of said easement to be on such terms and conditions as said School District Board shall decide.

6. To transact any other business that may legally come before said meeting.

Given under our hands at said Hampton this 20th day of February 1961.
